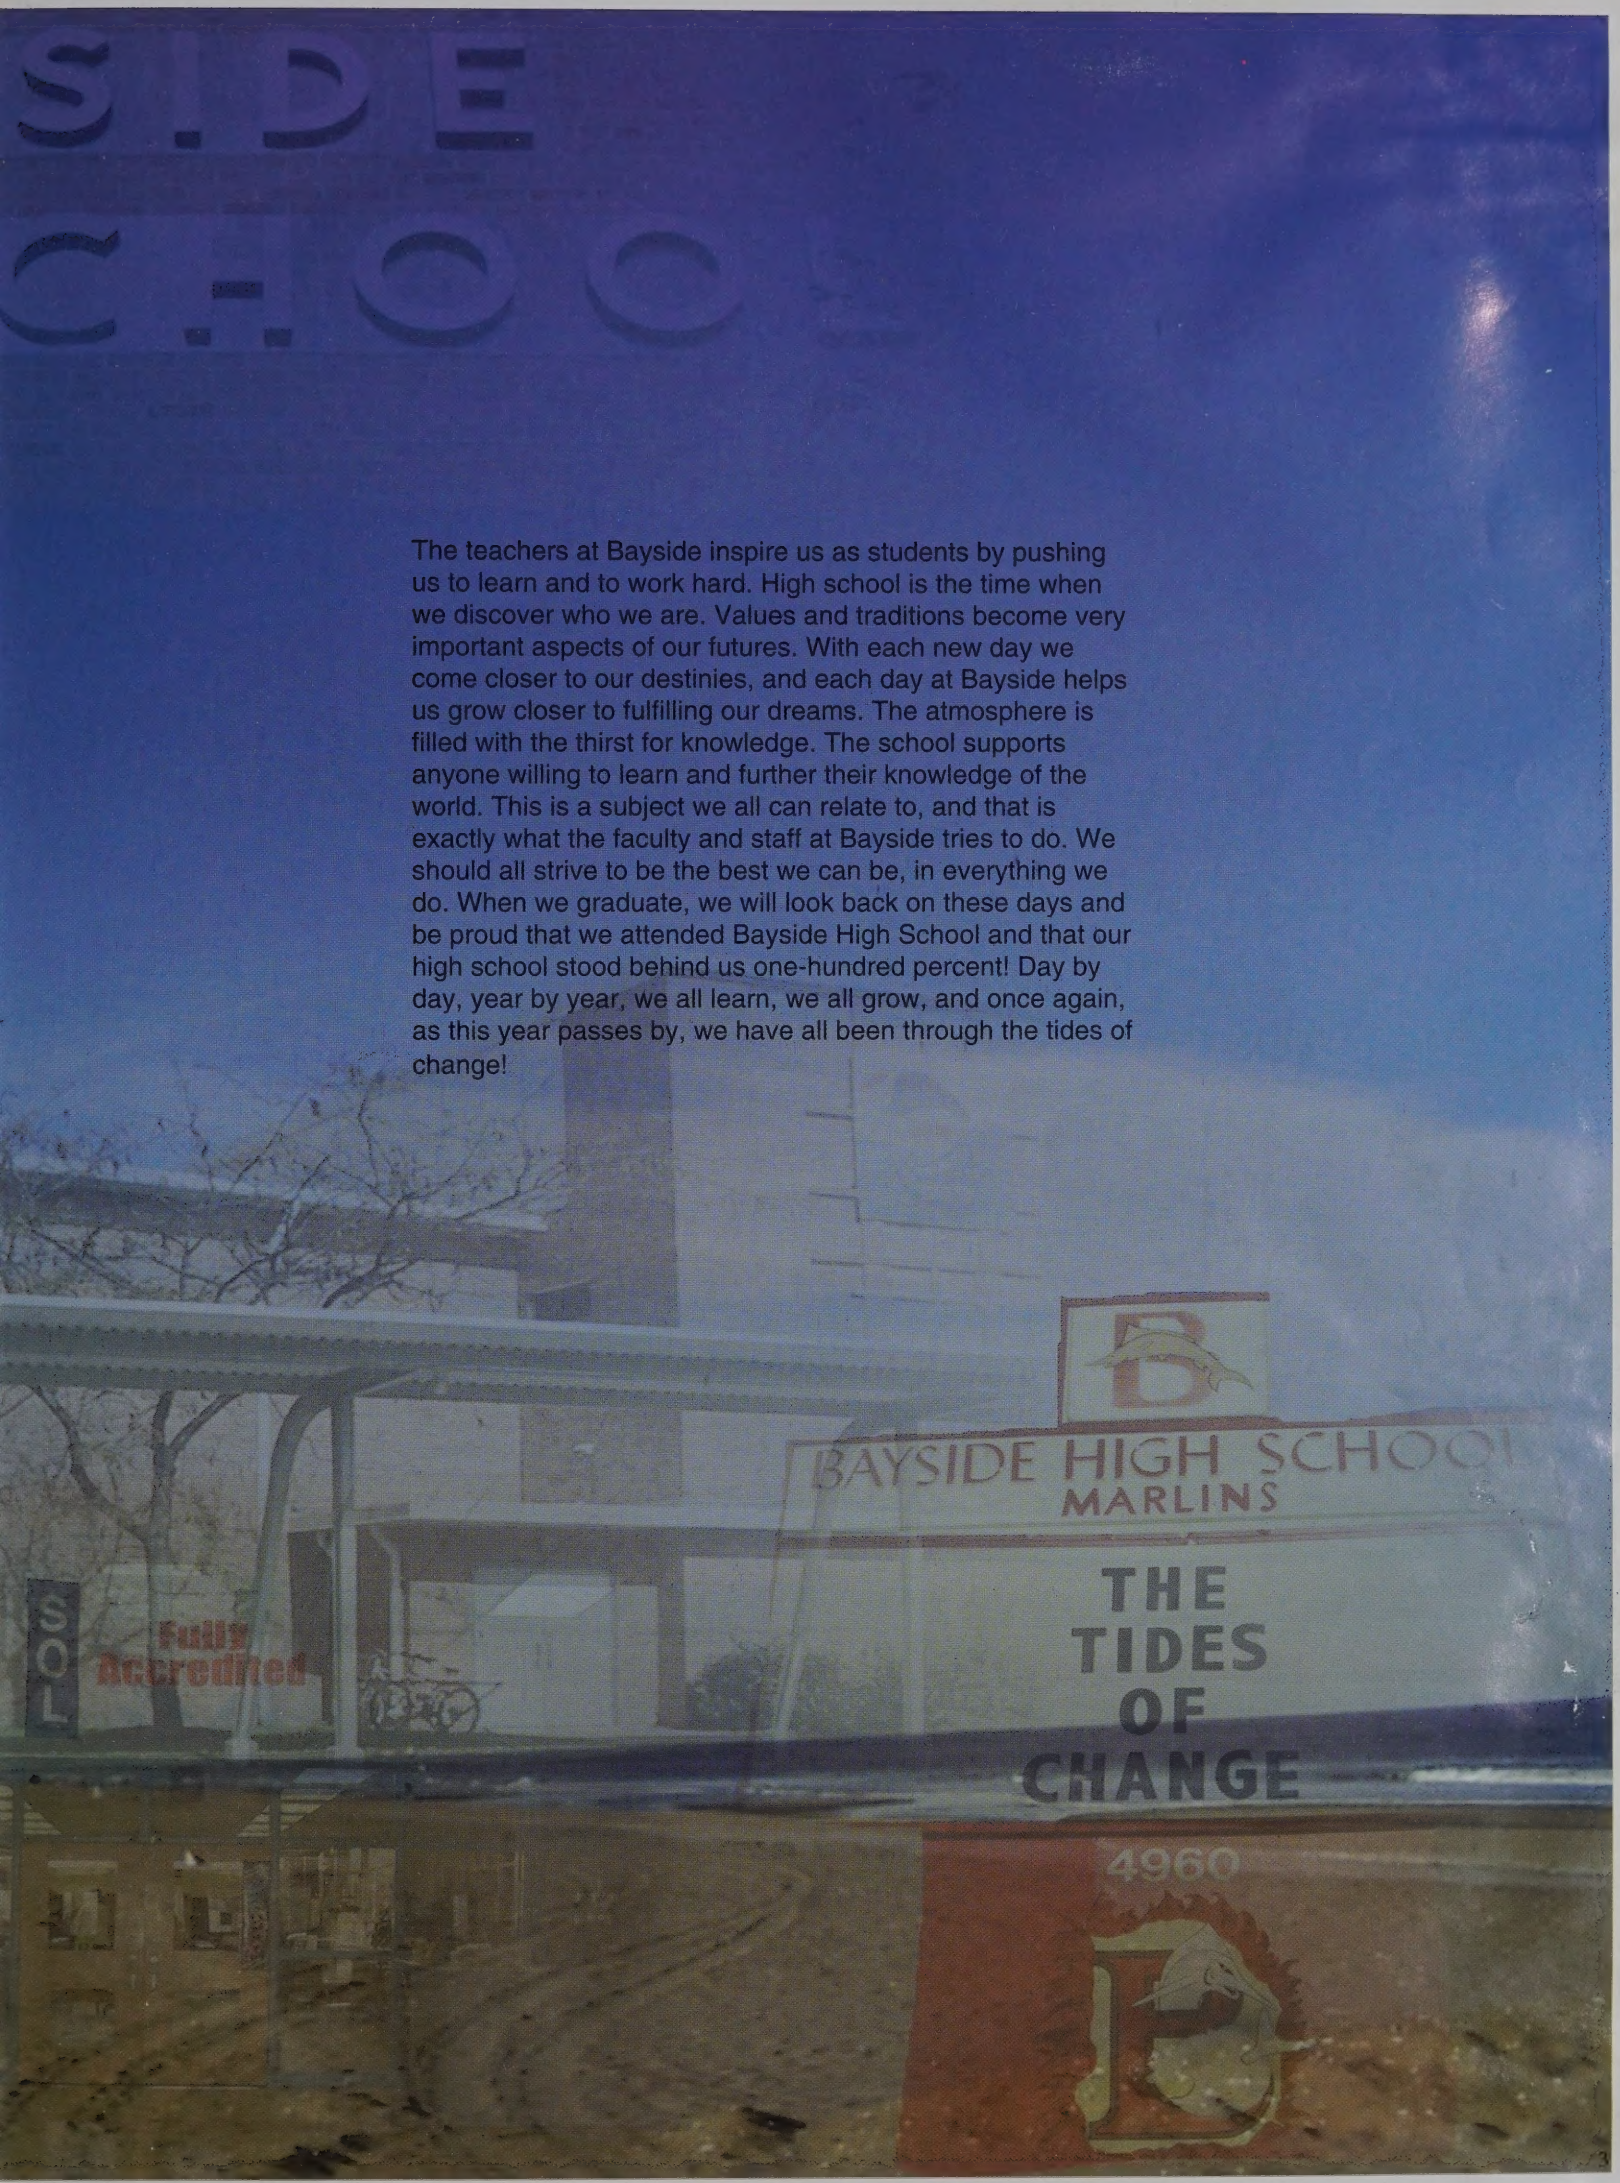
Everyone comes into high school thinking about getting out for summer break. Everyone comes into high school wishing that it was over, but throughout the years we make friends and form special bonds with teachers and students. Bayside High School exemplifies these same experiences and becomes a second home to anyone and everyone who is willing to give it a chance. As we get older, we will find ourselves thinking of the old days when we once roamed the halls of Bayside High School. Bayside helps us grow and helps to define us as the people we want to become. Bayside sets standards for its school as well as its students and this has helped Bayside High School become a welcomed part of our community. Our lives are changed from the time we enter as ninth graders up until we graduate. We will carry with us the memories and values we have acquired from our days at Bayside. Bayside is a magical place and it will be remembered forever!



The teachers at Bayside inspire us as students by pushing us to learn and to work hard. High school is the time when we discover who we are. Values and traditions become very important aspects of our futures. With each new day we come closer to our destinies, and each day at Bayside helps us grow closer to fulfilling our dreams. The atmosphere is filled with the thirst for knowledge. The school supports anyone willing to learn and further their knowledge of the world. This is a subject we all can relate to, and that is exactly what the faculty and staff at Bayside tries to do. We should all strive to be the best we can be, in everything we do. When we graduate, we will look back on these days and be proud that we attended Bayside High School and that our high school stood behind us one-hundred percent! Day by day, year by year, we all learn, we all grow, and once again, as this year passes by, we have all been through the tides of change!

Reaching High, Dreaming Deep

Our high school career has been like a tide at sea. In our first year at Bayside we were far out in the ocean...only seeing from a distance that goal of reaching land, of reaching the "real world." We knew to reach that goal we had to make our way through the rough waters. Along the way we met other "tides." Like tides, each one of us has shaped the lives of another student through our simple smiles and quick passings in the halls. As our first year at Bayside came and went we could closer see the goal within reach. For some of us our sophomore year was easy sailing. For others, we struggled to stay afloat. In the end we made it through those turbulent seas. Like a tide, we reached our peak our junior year. Things were starting to fall into place. We pulled together a great Home Coming and shared an unforgettable Ring Dance. As the summer approached, the skys were shining bright on the class of 2003. With all the excitement our tide built up strength as our senior year approached. Our tide went strong right through Home Coming 2002 and senior class Prom. With each new break in the water we could see the destination clearer. As our senior year closes, our tide that we rode for four years has washed up onto the shore, shaping the sands in new ways than the tides before us. We have left our mark, however, only long enough for our paths to be set before a new group of tides wash up and add new shape to the ever-changing sands. Even though we have reached that common goal and now disperse to go our separate ways, we will never forget the ride that we all endured together. It was through our passing of Bayside that we reached our goal. Congratulations class of 2003...we did it!

Forever Friends

When trouble comes your soul to try,
You love the friend who just "stands by."
Perhaps there's nothing he can do-
The thing is strictly up to you;
For there are troubles all your own,
And paths the soul must tread alone;
Times when love cannot smooth the road
Nor friendship lift the heavy load,
But just to know you have a friend
Who will "stand by" until the end,
Whose sympathy through all endures,
Whose warm handclasp is always yours-
It helps, someway, to pull you through,
Although there's nothing he can do.
And so with fervent heart you cry,
"God bless the friend who just `stands by`!"

A daughter who has been my inspiration and joy. As you embark on a new beginning in life, your patience, understanding nature, and the ability to delve into the heart of others makes me love you even more. I take this time to wish you joy, health, and success in all you aim for in this life. Your achievement of graduation is just a beginning of success as you climb the ladder of life. The best to you and all you aim for. God loves you and I love you more.

Lauren Che Dugan

Congratulations Che,

I can hardly believe my little girl is grown up now. You have brought so much joy and excitement into my life. You've had a big adjustment moving here from a small country town to a big city. You've done well. I know it's been difficult keeping up with school, cheerleading and work, but you gave it your best. You've done a great job! Remember you can do anything in life that you choose. Set goals, work hard and you will succeed. May your life be filled with happiness! I thank God for a daughter as sweet and beautiful as you and hope God will always be a part of your life. I love you and will always be there for you.

Love,
Mama, Fred and J.P.

Lauren Che,

Love,
Grandma & Grandpa

Rachel Berryman

Rachel,

The time has really flown by since we were cradling this three-and-one-half pound baby in our arms. Unlike most flights, you arrived nine weeks early in our lives and it has been an interesting journey...from the guitar lessons with dreams of being the next rock star, to the success of your hard work all these years of dancing. You are smart, beautiful, talented, and have a wonderful sense of humor.

Your flight through life still has many destinations ahead and may God bless whatever endeavors you may undertake. So reach for your dreams and He will be there to guide you. As you reach for the stars always remember our runway is open for your flight to land and visit us anytime. You have made us proud of your accomplishments and we wish you the very best in life's journey!

We love you!!

Mom and Dad

Jamie L. Adkins

You make me very proud to be your dad. Always remember you can accomplish anything in life that you set out to accomplish.

Love Dad

Michelle Richards

You've grown into such a remarkable young lady.
I will miss you more than you know but
how wonderful to be able to follow your dreams.
Keep God in your heart to help direct your path.
Remember your integrity and that the
journey can mean more than the destination and
Always know that I love you very, very much!

Congratulations!

Mom

On Your Graduation...

Look at yourself as you stand among the winners.
See yourself as one, belonging to an elite group of individuals,
And know that you have accomplished a great success in your life.
You've taken a dream, added a splash of determination,
And created the reality which you hold in your hands today.
And as you stand among the future of our world,
In that fleeting moment, take time to reflect on the past;
On obstacles you've had to overcome,
On mistakes you may have made
And friends you've known along the way.
Dream of tomorrow; envision with awe all that it holds for you,
And be sure that there are no obstacles you can't overthrow,
And that mistakes can be rectified,
And that the friends who have been with you will always be with you
Because the gift of memory will keep them forever alive in your heart.
So as you end a chapter in your journal of life
And embark out into an uncharted sea,
You will tread the uncertain waters with caution, knowledge, and respect.
For although you can't see to the ocean floor,
You have the courage to look deep within and make the changes you know you
The knowledge not to disturb the good that is already there,
And the self-respect to be all that you can be.

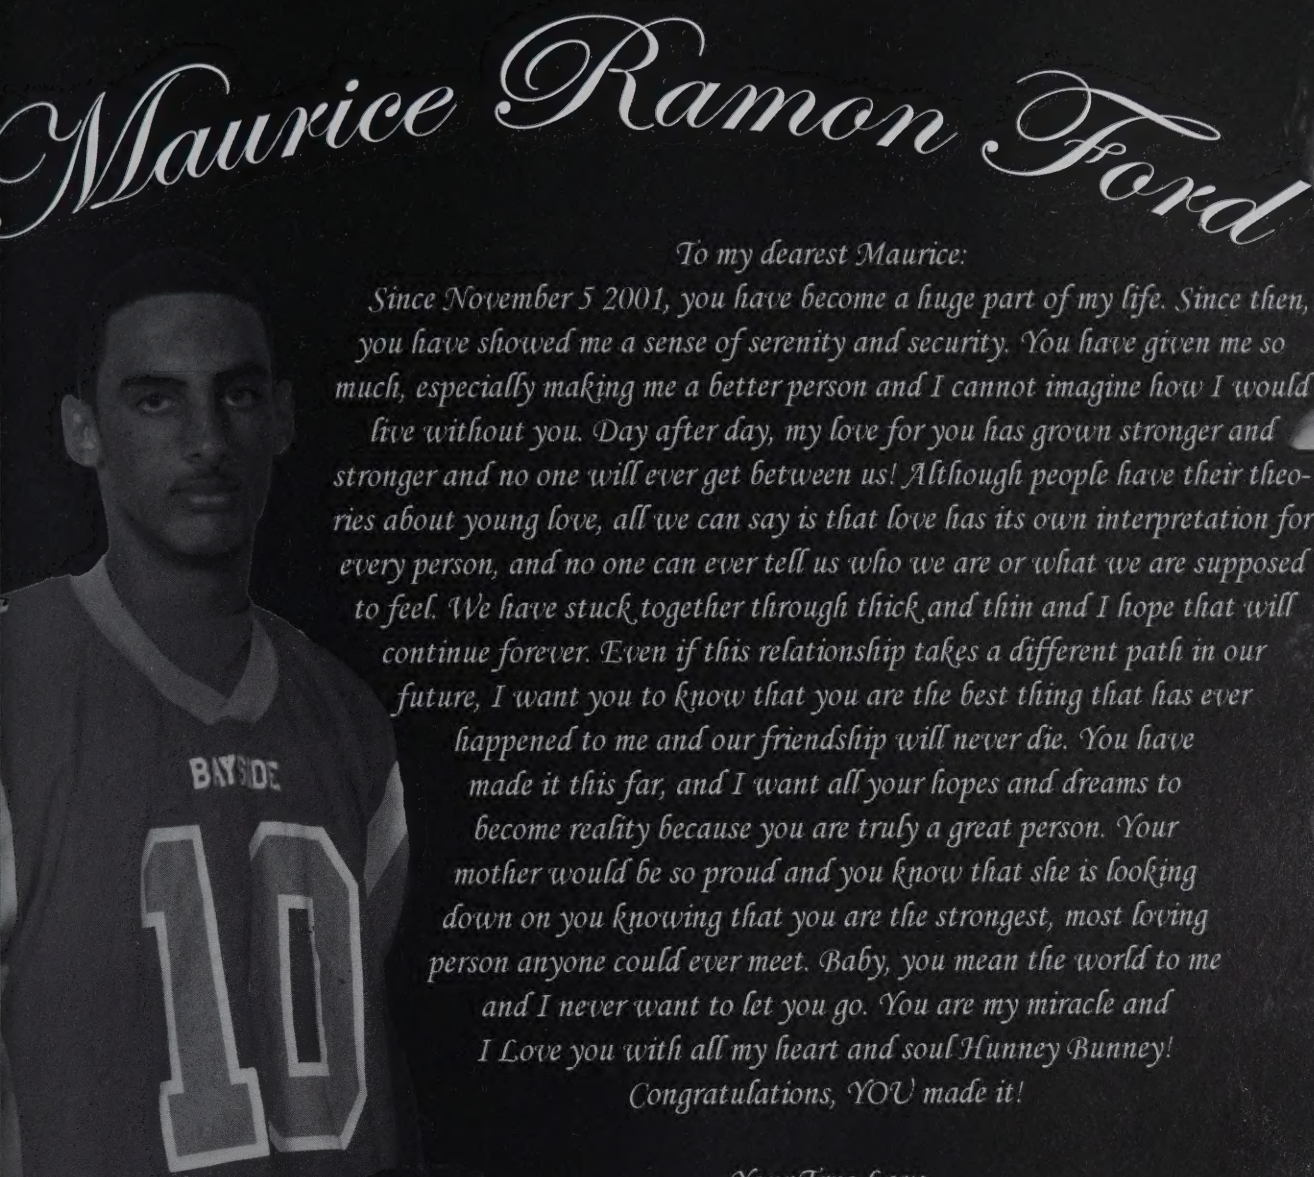
Maurice Ramon Ford



To my dearest Maurice:

Since November 5 2001, you have become a huge part of my life. Since then, you have showed me a sense of serenity and security. You have given me so much, especially making me a better person and I cannot imagine how I would live without you. Day after day, my love for you has grown stronger and stronger and no one will ever get between us! Although people have their theories about young love, all we can say is that love has its own interpretation for every person, and no one can ever tell us who we are or what we are supposed to feel. We have stuck together through thick and thin and I hope that will continue forever. Even if this relationship takes a different path in our future, I want you to know that you are the best thing that has ever happened to me and our friendship will never die. You have made it this far, and I want all your hopes and dreams to become reality because you are truly a great person. Your mother would be so proud and you know that she is looking down on you knowing that you are the strongest, most loving person anyone could ever meet. Baby, you mean the world to me and I never want to let you go. You are my miracle and I Love you with all my heart and soul Hunney Bunney! Congratulations, YOU made it!

-Your True Love,
Tiffany
